# Our Brand

## Our Purpose

We exist to make self-expression comfortable for all.

## Our Promise

We craft products and experiences that make you feel good, inside and out.

## Our Principles

Feels like UGG.  
Bold Heritage.  
Inclusive Community.  
Crafted to Last.

# Our Responsibility

## Championing An Inclusive Community

We promote diversity, equity, and inclusion for all.  
We advocate for our employees, our consumers,  
our community, and beyond.

## A Better Planet Through Products That Are Crafted To Last

We work to protect our planet for future generations by minimizing our environmental impact and enhancing our positive impact. We make every effort to craft our products with preferred materials from recycled, renewable, regenerated, and certified natural sources.

# Seasonal Overview

This season, we're embracing the radiant essence of the sun, and all that it means to us as a brand.

Inspired by the key SS25 UGG Brand Code, The Sun Logo Shape, we've created design moments that celebrate our deeply rooted connection with the California sun, as it casts its golden glow over the Pacific Ocean, echoing the story of our cherished West Coast heritage. This season, we're supporting our fans to Shine Together through our belief that the sun shines on everyone, no matter who or where they are – we all rise when we're celebrating the power of togetherness. We're offering them style moments that appeal to these on-the-edge Culture Creators and Culture Changemakers who are open-minded, progressive, and forward thinking.

We have three exciting product stories to share with you this season dedicated to:

- The continuing build of The Golden Collection by UGG
- A reintroduction of our Men's category through new takes on our Icons
- And brand purpose storytelling celebrating the voices of the community

In Men's we're innovating around hybrid styles through a refined fashion lifestyle lens inspired by the best of street style and casual looks. Our goal is to enhance brand recognition among new and returning male consumers while maintaining demand for our returning styles. With The Golden Collection by UGG sandal and clog line of products look out for returning favorites like our Goldenstar Sandal, now joined by daring, bold new moments like our customizable ultra-platform: The GoldenRise. And we're always looking for ways to share the love for our inclusive community of thought leaders and style Icons – for Pride 2025, we've brought back our co-creation model in a design collaboration with creator Jungle who helped us craft an imaginative collection to celebrate the LGBTQ+ community.

**Shine on,  
Shine together!**

# SHOES & SNEAKERS

# The Lo Lowmel Sneaker

## Kick It Casual

This low-key style offers comfort when it's warm, easy on and off, and versatile lacing options.

## The Low Profile Type

It's a subtle flex ... which we love.

## Premium & Breathable

Your shoe rotation has been missing this suede and mesh situation.

# The Lo Lowmel Sneaker

## Kick It Casual

This low-key style offers comfort when it's warm, easy on and off, and versatile lacing options.

## The Low Profile Type

It's a subtle flex ... which we love.

## Premium & Breathable

Your shoe rotation has been missing this suede and mesh situation.

# The Goldencoast Clog II

## The Unlock

The strap on the Goldencoast Clog is not only adjustable, but it's removable, too.

## Preferred Materials

The sugarcane EVA outsole is made from rainwater-nourished sugarcane.

## Feels Good, Right?

It's the suede upper and foam footbed.

# The Tasman Lug

## The Tasman Upgrade

Think Tasman (yes, the UGGbraided™, too) with a lug sole. Peep the inside for that braid hit.

## Love Options?

UGGplush™ sockliner or un-lined sockliner? Take your pick.

## Elevated Fashion, Unlocked

The Culture Creators are all over this style because of its fashion POV and versatile wearability.

## Soft Feel

It's that signature suede upper and UGGplush™ lining.

## The Ascot Upgrade

Think Ascot Slipper with a tech edge. The lightweight outsole uses Vibram™ Wrap Tech for unparalleled comfort and an edge-of-fashion look.

## Slip On & Off

Like the Ascot Slipper, it's just \*that\* easy.

# The PeakMod

## Relaxed Yet Fashion-Forward

A look that says "I'm chill" but also stylish.

## Breathable & Adjustable

The upper mesh and lateral vents provide enhanced breathability, while the adjustable strap lets you perfect your fit.

# UGG Tech

UGG incorporates a wide variety of industry-leading innovations into our products.

## Components

### DRYTECH

#### Cold Weather

Waterproof bootie or injection molded upper with our innovative DryTech membrane forms a waterproof and windproof barrier.

### THINSULATE™

#### Cold Weather

Made of finer fibers than other insulators to help trap body heat and wick moisture for better protection against the cold.

#### Cold Weather

GORE-TEX® footwear fabric is designed for a wide range of activities. It is totally waterproof and optimized for breathability and wicking moisture so your feet stay dry and comfortable all day and all year round.

#### Cold Weather

Innovative, traction-enhancing rubber outsoles that deliver exceptional performance on a variety of terrains.

### VIBRAM® ICETREK

#### Heavy Rain / Heavy Snow

Features uniquely-designed lugs and a soft rubber compound to enhance movement in cold climates and provide unparalleled grip on cold, icy, or snow-covered surfaces.

#### Heavy Rain / Heavy Snow

The most advanced cold-weather gripping system ever created by Vibram®, these rubber outsoles are engineered specifically to perform on wet ice.

### Spider Rubber

#### Heavy Rain / Heavy Snow

Made for high friction and durability, this versatile and non-marking rubber compound offers enhanced traction on wet and dry surfaces.

#### Heavy Rain / Heavy Snow / Cold Weather

Designed to remain soft and flexible in freezing temperatures, providing superior performance and enhanced traction for dry, wet, and icy conditions.

### Anti-Odor

Woven lining or pre-treated interior helps to slow the growth of odor-causing bacteria.

# UGG Feel

Developing new ways to preserve and enhance our world-renowned wearing experience.

## Materials

<b>Twinface Sheepskin</b>	Vetted through extensive, industry-leading processes to ensure only the highest quality sheepskin makes the cut, delivering the signature Feel of UGG.
UGGPLUSH™	Maintaining the same benefits, UGGplush™ blends our signature wool with plant-based lyocell fibers for softness and sustainability.
UGGPURE™	Delivers the luxurious feel UGG is known for with upcycled wool woven into a durable, recycled backing.
<b>UGGventilate</b>	Shorter UGGplush™ lining that allows for more breathability in weather/casual styles.
	Leather Working Group is a multi-stakeholder group that develops and maintains protocols to assess the environment compliance and performance capabilities of leather manufacturers.
<b>Sugarcane EVA</b>	The sugarcane in our sugarcane EVA foam outsoles and midsoles allows us to reduce dependency on fossil fuels by replacing petroleum-based ethylene, absorbing 1.6 pounds of CO2 for every pound of ethylene replaced.

## Innovations

TREADLITE BY UGG™	Increases cushioning and traction for a supremely lightweight, ultra-durable outsole.
TWINSOLE™	Offers two cushioned antimicrobial-treated insoles that can be worn interchangeably: one with rich leather lining, the other with luxurious natural wool that wicks moisture and keeps feet warm.
<b>Contour Insole</b>	Wool insole resists compression, displacing weight and contouring to the natural shape of the foot.
